

Application for harmonized audits

Application for harmonized audits as a part of EFSG MRA for safe and strongrooms and high security locks. This application can apply if a product is certified by two or more certification bodies CBs, these are the involved CBs.

This application is to be sent to the primary CB (CB 1) which is authorized by this document to exchange relevant information with the other CBs involved.

Application to _____ for the EFSG harmonized audits

Please select the primary CB

- according to the EFSG MRA for high security locks.
 according to the EFSG MRA for safes and strongrooms.

Client - Address:	Manufacturing plant - Address

Specify the involved certification bodies:

CNPP VdS SBSC

Preferred order for the audits (as requested by the client):

Year	1 st year	2 nd year	3 rd year	4 th year	5 th year
Certification Body					

The audits will be performed by the specified CBs in a one year rotation basis according to clause 13.4 of the MRA(s)

The client declares the following:

- to accept the conditions of the applicable EFSG MRA(s).
- to allow all Certification Bodies (selected above) to exchange all the necessary information about the audit, e.g product documentation, audit reports etc. This may also include other products covered by the scope but certified outside the MRA(s).
- to accept that the validity period of the mentioned certificates will be harmonized to the first expiry date.
- to keep a file of drawings stamped by the appropriate certification bodies at the manufacturing plant for the product(s) listed in the appended annex.

Date

Stamp and signature of authorized representative of client

Note: The applicant is informed to send changes of the annex to CB 1 according to the certification procedure.

Annex of _____ (number of pages)

Annex – Product list
